

SONOMA, MARCH 8, 1930.

Communications upon matters of local or general interest are solicited. Communications designed to call attention to any matter of limited or individual interest will not be inserted unless paid for as an advertisement.

DEATH OF THE YOUNG RAILROAD MAGNATE.

J. Mervyn Donahue, President of the San Francisco and North Pacific Railway Company, died at the Palace Hotel, San Francisco, last Monday evening, after an illness of three months, at the age of thirty years. During his brief but brilliant career as a railroad man he made many important improvements in the railway system of which he was the President and had he lived ten years longer he would have been the head of one of the grandest railway systems on the North American Continent. It is not thought that his death will cause a change in the policy of the road as mapped out by him previous to his death. The improvements already under way will be carried out and new extensions made when the proper time arrives. The San Francisco and North Pacific Railway is one of the best paying railroad properties in the United States, considering the number of miles operated, and in the course of a few years will play an important part in the railway world.

THE HALL OF RECORDS SCHEME.

The Hall of Records was put up at public auction in Santa Rosa Monday and was knocked down to John O'Hara for \$20,000, he having been the highest bidder. The Supervisors, however, refused to accept Mr. O'Hara's bid, as the price was very small and the remonstrance by tax-payers against the sale was very large. As to what the final outcome will be it is very hard to predict at this time as the Supervisors, if we except Mr. Allen, have acted in a very vacillating manner in the matter of building a new Jail and Hall of Records. As the tax-payers all over the county oppose the whole business, we think it about time for the Supervisors to "come off."

SEVERAL measures of importance to the wine-making industry are now pending before Congress. One of the principal measures is one introduced by Congressman McKenna providing for the fortification of sweet wines free of tax. It enacts that any authorized producer or distiller may use, free of tax, so much wine spirit separated by him as may be necessary for the proper fortification of sweet wine and the preservation of its saccharine matter. The so used free of tax shall not be in excess of the amount required to introduce into the sweet wines an alcoholic strength equal to 14 per cent of the volume of the wine, and the wine after fortification, shall not contain more than 24 per cent of alcohol. The use of wine spirits free of tax shall be confined to the months of August to April, inclusive.

Boundary Lines of Voting Precincts Changed.

In accordance with an Act passed by the last Legislature the Board of Supervisors have re-districted the voting precincts of the county. The change in Sonoma Township is very slight. The new boundaries are as follows:

Glen Ellen Precinct—All the upper part of Sonoma Township, bounded on the south by Hill's creek on the west side of Sonoma creek, and Wilson's Dry creek on the east side of Sonoma creek.

Agua Caliente Precinct—All that part of Sonoma Township south of and adjoining Glen Ellen precinct, and bounded on the south by lines as follows: First—Beginning at the former site of the old Clarke bridge over Sonoma creek west of the city of Sonoma, which point is on the line of the extension of Spain street, and running thence west along the county road to the Bennett Valley road; thence due west to the Vallejo Township line. Second—Beginning at the former site of said bridge and running thence east along the road to the west line of the city of Sonoma; thence north and east along the line of said city to its northeast corner; thence due east to the Napa county line.

Sonoma Precinct—All that portion of Sonoma Township embraced within the corporate limits of the city of Sonoma.

San Luis Precinct—All the remainder of Sonoma Township.

RINGING THE BODOLE.

How a Wealthy Resident of Bloomfield was Robbed.

David H. Parks, a wealthy farmer residing near Bloomfield, was made the victim of a swindling game one day last week whereby he lost \$1500. He was called upon by a man who said his name was Erwin who presented a letter of introduction from one of Park's sons who keeps a furniture store in Tulare county. Erwin claimed that he had been chaplain at the Arizona penitentiary for eight years and that he had been called to the bedside of a dying convict named Eastman. Eastman told him that he had robbed a stage in Nevada county years before and had buried a gold brick, part of the booty, near Bloomfield. A brother of Eastman wanted \$1500 on short notice, and wanted to pay Parks \$500 for the use of it, offering this gold bar, if it could be found, as security. The search must be carefully conducted, or the owner might put in a claim.

Parks accepted the proposition and went to the designated spot with Erwin. After some trouble the exact spot was found. It had no appearance of being recently disturbed. By digging a few feet a lump of apparent gold was unearthed. Erwin chopped off a corner and gave it to Parks to be tested. Parks took it to a jeweler, who pronounced it gold, and the next day Parks gave Eastman the \$1,500 and took the brick. It was agreed that Erwin should take Eastman to the train at Petaluma and then return to Parks' for the night. Next day they would go to San Francisco and sell the bar at the Mint. Parks would retain his money and interest and pay Erwin the balance.

But Erwin did not return from Petaluma, and Parks, becoming suspicious, had the bar examined as a whole by a jeweler, and learned that it was simply brass. Parks complained to the officers but no trace of the men could be found, and it seems probable that they will escape. Parks is a man 70 odd years of age and is a church member.

BOARD OF SUPERVISORS.

MONDAY, March 3, 1930.

The Supervisors met in regular monthly session at the Court House, Santa Rosa, at 10:30 A. M., a full Board being present.

After the reading of the minutes of the previous meeting, Mr. Cady moved that the Hall of Records property be sold in pursuance of an order passed at the February meeting. The same was carried, all the Supervisors voting aye except Mr. Allen.

The Board then took a recess to attend the sale and refresh the inner man with lemonade.

Under Sheriff Barnett, in the absence of Sheriff Volgan, was selected as the auctioneer and at 12 o'clock he invited bids from the crowd who had assembled in the Court House portico, where the sale was to take place. The bidding was not very lively and the only bids received were those of L. W. Juillard, \$10,000; C. Shea, \$15,000; John O'Hara, \$20,000.

AFTERNOON SESSION.

Most of the afternoon was occupied in the consideration of Road Overseers' reports. The following were received and placed on file and the accompanying bills allowed:

D. W. Long, Vallejo	\$304.00
John Johnson, Bloomfield	70.50
Charles Fairclough, Sebastopol	281.92
Gallant Rains, Petaluma	430.25
A. K. Bell, Healdsburg	429.29
E. Roseborough, Cloverdale	211.51
G. J. Parkinson, Mendocino	246.31
James Patrick, Knights Valley	284.00
W. F. Harris, Washington	506.02
A. J. Packwood, Russian River	382.72
H. A. Russell, Fulton	384.34
Sam Varner, Redwood	474.20
J. M. Carlisle, S. E. Point	401.60
C. Y. Caldwell, Santa Rosa	301.00

On motion of Mr. Smith consideration of the petitions for, and the remonstrance against the sale of Hall of Records was postponed, to be taken up at the pleasure of the Board.

The following motion by Mr. Cady was carried by unanimous vote: In the matter of the sale of the county property on Fourth street and Exchange avenue in the city of Santa Rosa, inasmuch as the highest bid received for said property, viz., \$20,000, was a much smaller amount than this Board considers the property to be worth, I move that it be and is hereby made the order of the Board that said sale shall not be confirmed and that the acting auctioneer, J. D. Barnett, be notified to that effect and be instructed to return the 10 per cent. cash deposit to the bidder.

On motion of Mr. Cady contracts for furnishing the supplies of the farm and hospital were awarded as follows: Meats: Noonan & Towey; groceries and provisions, R. M. Spencer, E. A. Wilson and Bryant & Campbell.

The Board adjourned without taking any action in the matter of purchasing the Prindle lot.

WEDNESDAY, March 5th.

On motion of Mr. Davis a warrant was ordered drawn in favor of Alex. Skaggs in the sum of \$1,000 for assistance in the construction of bridges on his end of the Skaggs Springs and Stewart's Point road.

The order establishing voting precincts in pursuance of the provisions of Section 1127 of the Politi-

cal Code, as amended March 20, 1888, requiring Boards of Supervisors to divide their respective counties into election precincts so that the total vote polled in any one precinct shall not be more than two hundred, was passed and published in the Democrat and Republican in Santa Rosa. Two thousand and descriptive notices were also ordered printed.

THURSDAY, March 6th.

The forenoon was taken up by visit to the county farm.

Two o'clock being the hour set for hearing the petition for the cancellation of the Great Register, and as the citizens did not appear to discuss the subject, further consideration of the matter was indefinitely postponed.

The report of P. L. McGill, road overseer of Sonoma township, was received and placed on file and his bill in the sum of \$586.65 allowed.

The balance of the session was taken up with the consideration of indigent petitions and applications and bills.

Well and Happy.

I take pleasure in submitting the following statement of facts that you may know the great benefit that has resulted from the use of your Specific in the case of my little daughter, now ten years of age. The child, when two years of age, had a severe attack of scarlet fever, which left her with a shattered constitution. Among other evidences of impaired nutrition was what the doctors called softening of the bones. In her fifth year she happened with an accident which resulted in the dislocation of the hip joint, and from the irritation that set up, terrible abscesses of the hip ensued. The abscesses, despite the best medical treatment that could be obtained, remained for three years, discharging continuously. At this time, through the influence of friends, I put her on S. S. S. When this treatment was commenced the abscess was very large, having six perforations, pus discharging through them all. During this treatment several epistemic of bone came out, and by the time she had finished her fifth bottle the abscess had entirely healed, her appetite and general health had been restored; in short she was well and happy, and so continues.

MRS. J. A. WIEGNER,
Lower Main St.,
Slatington, Pa.

SWIFT SPECIFIC Co. Atlanta, Ga.

Be sure and take advantage of the pleasant weather and good roads to invite your wife, daughter or sweetheart for a drive to Agua Caliente Springs where the flowers bloom, the birds sing and the best of refreshments can be procured at any time of the day or any season of the year.

NEW TO-DAY.

"Like Magic,"

THE effect produced by Ayer's Cherry Pectoral. Colds, Coughs, Croup, and Sore Throat are, in most cases, immediately relieved by the use of this wonderful remedy.

It strengthens the vocal organs, allays irritation, and prevents the inroads of Consumption; in every stage of that dread disease, Ayer's Cherry Pectoral relieves coughing and induces refreshing rest.

"I have used Ayer's Cherry Pectoral in my family for thirty years and have always found it the best remedy for croup, to which complaint my children have been subject."—Capt. U. Carley, Brooklyn, N. Y.

"From an experience of over thirty years in the sale of proprietary medicines, I feel justified in recommending Ayer's Cherry Pectoral. One of the best recommendations of the Pectoral is being more salable now than it was twenty-five years ago, when its great success was considered marvelous."

"My little sister, four years of age, was so ill from bronchitis that we had almost given up hope of her recovery. Our family physician, a skillful man and of large experience, pronounced it useless to give her any more medicine, saying that he had done all it was possible to do, and we must prepare for the worst. As a last resort, we determined to try Ayer's Cherry Pectoral, and I can truly say, with the most happy results. After taking a few doses she seemed to breathe easier, and, within a week, was out of danger. We continued giving the Pectoral until satisfied she was entirely well. This has given me unbounded faith in the preparation, and I recommend it confidently to my customers."—C. O. Lepper, Druggist, Fort Wayne, Ind.

For Colds and Coughs, take

Ayer's Cherry Pectoral,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

COUNTY ITEMS.

On March 1st there were \$241,807.73 in the County Treasury.

Mrs. Jeremiah Clarke has applied for letters of administration on the estate of her late husband. The property is valued at \$1,000,000.

Max Homeier, well-known in this valley, died in San Francisco on the 4th inst., aged 76 years. Deceased was a prominent lither player and was a brother-in-law of the late F. Oetle, formerly proprietor of the Union Hotel in this place.

Willie H. Aiken, aged seventeen years and a Chinese employee of I. G. Wickersham were drowned in Petaluma creek near the Twin Houses last Sunday, by the swamping of a row boat.

Geo. Tanner, well-known to many people in this valley as the keeper of the wayside tavern on the Petaluma road a few miles this side of that city, who was so brutally beaten by a loafer named "Butch," in Petaluma on the 20th of last month, died from the effects of his injuries in San Francisco Tuesday. "Butch" has disappeared from Petaluma and his whereabouts are unknown.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure Deafness and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed it has a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of Deafness (caused by catarrh) that cannot be cured by taking Hall's Catarrh Cure.

F. J. CHERRY & CO., Props., Toledo, O.

Sold by Druggists, 75 cents per bottle.

Mr. A. A. Vallejo, teacher of Spanish and music, has been quite successful in forming classes in this place. Hereafter he will teach in Union Hall every Friday evening. Young ladies who so desire will be taught at the residence of Mrs. Haraszthy.

The Agua Caliente Springs Hotel, having been enlarged and refurbished, is again running under the old management and the proprietor will be pleased to see and entertain all his old friends and as many new ones as may favor him with call.

Bucklen's Arnica Salve.

Ordinance No. 39.

AN ORDINANCE FIXING WATER RATES IN AND FOR THE CITY OF SONOMA, FOR THE YEAR BEGINNING JULY 1, 1930.

THE BOARD OF TRUSTEES OF THE City of Sonoma do hereby ordain as follows:

Section 1. That the rates shall be charged and collected by any person, company, association or corporation for water furnished to the City of Sonoma, or to the inhabitants thereof, shall be as follows:

From the first day of July, 1930, till the first day of July, 1931:

For families of not more than five persons, per month..... \$1.50 to \$2.00

For each additional person per month..... 20 cts.

For saloons and liquor houses per month..... 2.00 to 2.50

For stores and butcher shops per month..... 2.00 to 2.50

For bakeries, per month..... 2.00 to 2.50

For laundries, per month..... 8.00

For printing offices, per month..... 2.00 to 2.50

For livery and sales stables, per month..... 4.00 to 5.00

For blacksmith shops, per month..... 2.00 to 2.50

For hotels, per month..... 2.50 to 4.00

For barber shops, per month..... 2.00 to 2.50

For wine-cellar, per month..... 3.00 to 5.00

FOR BUILDING PURPOSES.

For 1000 brick laid..... 20

Plastering per 100 square yards..... 80

Cement, per barrel..... 15

Section 2. The neglecting to turn off the water or permitting the water to run through hose, sprinklers or faucets all night, for each night..... 2.50

And the City Marshal is required to report any violation of this ordinance.

In Board of Trustees finally passed this 5th day of March, A. D., 1930.

Attest:

F. BRITENBACH, City Clerk.

Approved this 5th day of March, A. D., 1930.

CHARLES MC HARVEY,

President Board of Trustees.

Waked Up Effectually.

A lethargic, dormant condition of the liver is hardly to be overcome by drastic cathartics and nauseous chologogues. A gentler, pleasanter and far more effective means exists of arousing the organ when somnolent. This is Hostetter's Stomach Bitters, vouches for by the medical fraternity, tested by the public for many years. A rejuvenation of the liver, a renewal of its secretory function, with the active attendant upon health, a return to regularity of the bowels, and a renewal of digestion, are the no less happy and certain results of using the Bitters systematically. Its laxative effect is never painful and drenching, its tendency being rather to perpetuate regularity than to produce a copious action. Malaria, nervousness, debility, kidney troubles and neuralgia it subdues effectually.

The Occidental Hotel, under the management of Mr. R. D. Moore and his estimable wife, is growing in popularity every day.

Lupepsy.

This is what you ought to have, in fact you must have it, to fully enjoy life. Thousands are searching for it daily, and morning because they find it not. Thousands upon thousands of dollars are being spent annually by our people in the hope that they may attain the boon. And yet it may be had by all. Guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you good digestion and out the demon Dyspepsia and install instead Lupepsy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50 cts. and \$1.00 per bottle at E. Wegner's drug store.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottles free at E. Wegner's drug store.

LOCAL BREVITIES.

Horse bills printed at this office. The Sonoma House is a popular resort.

The Union Hotel is now open. Have your carpets cleaned at Gross.

The Agua Caliente Springs Hotel is now open.

The Occidental Hotel is a first-class resort.

Schocken always has on hand fresh groceries.

Go to the Union Hotel for first-class accommodations.

R. D. Moore of the Occidental keeps a first-class house.

Go to H. Weyl's for Star flour. The best in the market.

Old furniture made like new by Gross, east side Plaza.

The Occidental Hotel is fast becoming a popular place of resort.

You can be accommodated at the Union Hotel according to your means.

Star flour at Weyl's is only \$1.20 per sack; per barrel, \$4.75. Guaranteed.

The traveling public praise the Occidental Hotel, R. D. Moore proprietor.

Go to the Sonoma House for first-class accommodations. M. A. Flynn, proprietor.

The Union Hotel under the management of C. J. Barts is increasing in popularity every day.

Rev. T. Hendry of Oakland will preach to-morrow morning and evening at the Congregational Church.

Work of reconstructing the levee on the East side of Petaluma creek destroyed by the late storm is almost completed.

There will be a musical concert at the Methodist Church to-morrow evening. All are cordially invited to attend.

For Sale—Twenty acres of the finest bottom land in Sonoma Valley for sale at \$15 per acre. Inquire at this office.

M. A. Flynn of the Sonoma House has adorned his bar with a handsome glass case of stuffed birds and animals, several of which fell before his unerring aim.

For Dry Goods, Clothing, Groceries, Hardware, Cutlery, and also everything kept in a general merchandising store go to S. Schocken's north side Plaza, Sonoma.

The firemen meet in regular semi-monthly session Wednesday evening at the transaction of business. Their practice night is the last Wednesday in each month.

Attention all! This office is prepared to furnish the latest and best styles of society cards at short notice. Business, visiting and address cards of every description neatly executed at lowest rates.

W. L. Crooks of this place has been granted letters patent on his hair restorer. The remedy has been tried by a number of people in this valley and has been found to be all that is claimed for it. It is truly a remarkable discovery.

If you have poultry on which you set any value, you had better lock them up and turn the dog loose for the next week. Why? Because Landlord Flynn intends giving a chicken supper on the evening of St. Patrick's Day.

The fire bell arrived last Saturday. It was manufactured by Garrett & Co. of San Francisco. It weighs 450 pounds and will be in position immediately and will occupy one of the most accessible sites on the Plaza. Its cost was \$134.65.

Under the head "New To-day" appears an advertisement of milk cows for sale, to which the attention of our readers is called. If you wish to purchase a good animal don't fail to call on Mr. Norris before purchasing elsewhere.

The work of laying the broad gauge steel rails on the Sonoma Valley Branch of the San Francisco and North Pacific Railway has nearly been completed between the Junction and Sears' Point. The entire road will be broadened out and in operation by the first of April.

Miss Bessie H. Bedloe of Burlington, Vt., had a disease of the scalp which caused her hair to become very harsh and dry and to fall so freely she scarcely dared comb it. Ayer's Hair Vigor gave her a healthy scalp, and made the hair beautifully thick and glossy.

Read the advertisement of C. F. Badger of Agua Caliente, which appears in another column. People in the upper portion of the valley would do well to give Mrs. Badger a call as she is selling furniture, beds and bedding, groceries and hardware at San Francisco prices, with freight added.

Thos. Moss, Jr., has had his sprinkling cart overhauled and newly painted and also purchased a new span of horses and harness for same. Mr. Moss always keeps up with the times and when the season opens will be better prepared than ever to sprinkle the streets of Sonoma. The work done by his sprinkler last season was worth to the business men of this place double the outlay.

The Sonoma House is first class. M. A. Flynn, proprietor.

HENRY WINKLE

Dies at His Home Sunday Morning—A Brief Sketch of His Life.

It was with the profoundest feelings of sorrow that the many friends of Henry Winkle, in this valley and elsewhere, learned of his death last Sunday morning at his Sonoma home. Mr. Winkle had been hovering between life and death for several months from heart trouble, and his death was not unexpected by those who had interviewed his physician during his late illness. Mr. Winkle was a polished gentleman in manners and one of the most genial of hosts. He came to California in 1850 and located in Sacramento, where he engaged in the bakery and real estate business. He acquired considerable means in the next two years, having been very successful in business. In 1852, however, he was almost bankrupted by the great fire which destroyed the business portion of that city. He rebuilt, however, and when the flood came a few months later he was financially ruined. He then removed to San Francisco and opened "Winkle's Bakery," on the corner of Battery and Vallejo streets, where he prospered for fifteen years. He then disposed of his bakery interests and in 1869 came to Sonoma and purchased a vineyard, since which time he has been engaged in the grape-growing and wine-making business. His vineyard and wine cellars were located about one mile east of Sonoma and represent an investment of many thousands of dollars.

Mr. Winkle was an exceedingly popular man and was often urged by his friends to run for office, but he always refused, except on one occasion, when he was elected a Supervisor of San Francisco in 1868. The deceased will be greatly missed in Sonoma Valley, as his genial disposition had endeared him to almost every man, woman and child with whom he came in contact. Mr. Winkle was born in Hesse Cassel, Germany, March 10, 1821, and came to the United States in 1840, and settled in New York. He leaves a widow and two brothers, residing in San Francisco, and two daughters, one of the latter being Mrs. L. Adler of this place. His remains were taken to San Francisco Monday evening for interment, the funeral taking place the following Wednesday.

On that day a large number of the oldest and most respected citizens of that city and a number of his Sonoma friends assembled at B'nai B'rith Hall, where the remains were lying in state, to take a final look at the familiar features of the deceased. The coffin containing the remains of the old Pioneer occupied the center of the hall and was surrounded by a profusion of rich floral offerings, notable among which was one from his old friend Jacob Gundlach of Rhinefarm, Sonoma. The funeral took place under the auspices of Pacific Lodge, No. 136, F. and A. M., the pall-bearers being Robt. Howe and L. M. Johansson of this place and Messrs. Salomon, Anderson, Dieffenbacher and Rumbinger of San Francisco. The remains were laid to rest in Odd Fellows' cemetery beside his brother Adam.

Freight and Passenger Depot to be Removed.

The contract for removing the freight and passenger depot of the San Francisco and North Pacific Railway at this place to a point several hundred yards due north from the present site, has been let to J. W. Swank of Santa Rosa. The removal of the structure is necessitated owing to a change of the road-bed through the incorporated limits of the town, the street through which the present narrow-gauge runs (Spain street) being too narrow for a broad-gauge road. All the necessary right of way has been secured by the citizens of Sonoma without expense to the company, and only a few hundred dollars yet remains to be collected to pay for the same.

Wilgus vs. DeForest. Mrs. Lola M. Wilgus has commenced a civil action in the Superior Court at Santa Rosa against W. F. DeForest. The suit is the outcome of the sale of the De Forest place to Mrs. Wilgus last year. The plaintiff claims that she was induced to buy the place on De Forest's representation that the grape crop alone on the place would net the purchase price in the course of three or four years. The place was sold for \$12,000 and produced about \$200 worth of grapes last season.

The Municipal Election. An election for three City Trustees to succeed Messrs. McHarvey, Manuel and Aguilon, and a Clerk, Marshal and Treasurer will take place on the second Monday in April. Candidates for the various offices have commenced to make their appearance and the election no doubt will be a spirited one.

Bad blood causes dyspepsia and dyspepsia reacts by causing bad blood. So both go on, growing worse, until the whole system is poisoned. The surest means of relief for the victim is a thorough and persistent course of Ayer's Sarsaparilla.

"THE CITY FATHERS"

Meet and Allow Bills and Order Street Work and a Fire Bell Tower.

The City Trustees met at their room in the Pavilion last Wednesday evening. Present—Trustees, McHarvey, Poppe, Wegner and Aguilon, Clerk Breitenbach. Absent—Trustee Manuel.

The minutes of the last meeting were read and approved. The Finance Committee reported that they had examined the Clerk's financial report for the six months ending December 31, 1889, and found the same correct.

The following bills against the city were presented and allowed: Geo. Pabst, plumbing, \$5.50; Wm. Stone, labor, 4.50; G. W. Sparks, salary, 10.00; Wm. Parish, labor, 35.25; H. H. Grannie, printing, 2.50; L. Modini, supplies, 1.25; E. Wegner, supplies, 2.50.

Ordinance No. 38, introduced by Trustee Poppe at the last meeting, was passed and approved by the President.

The following resolution was introduced by Trustee Poppe and adopted:

Resolved, That a sum, not exceeding \$50, is hereby appropriated for the grading of Fifth street East from Napa street to Germain street, and the building of the necessary culverts, the work to be done by the Overseer of Sonoma Road District.

On motion of Trustee Poppe, the Street Committee was directed to examine the foot-bridge at Dubring's crossing and report at the next meeting.

The Clerk was instructed to give notice, according to Ordinance, of the general election to be held on Monday, April 14, 1890, for the election of three Trustees, Clerk, Treasurer and Marshal.

On motion of Trustee Poppe, it was ordered that a tower for the fire bell be built according to the plans submitted by Trustee Wegner, and under his supervision.

No further business appearing the Board adjourned.

-PERSONAL AND SOCIAL-

Chas. Agnew visited Santa Rosa on Sunday last.

Mrs. R. D. Moore visited Glen Ellen last Monday.

Frank Shattuck was a guest at Willow Ranch last week.

Miss E. Vasquez returned from the city Monday evening.

T. D. Morris of Agua Caliente visited the city Monday.

Mrs. L. Adler and her son, Adam, visited the city last Saturday.

Chester Smith spent Saturday with his brothers in San Francisco.

Chas. Baettge of Agua Caliente visited the city Sunday and Monday.

Dr. H. H. Davis has entirely recovered from his recent indisposition.

Mrs. R. Emparan returned from a short trip to the city last Wednesday evening.

Alex. Martin of San Francisco is spending the week with his relatives in Sonoma.

Miss Meyer of San Francisco was the guest of Mr. and Mrs. F. Cleve last Sunday.

Wm. Appleton departed for Alameda last Monday, where he has secured a situation.

F. Grothaus paid a flying trip to San Francisco Wednesday, returning the same evening.

Chas. Crofoot, the owner of the fine all work horse Black Prince, was in town Tuesday.

Capt. H. E. Boyes and S. H. Hamilton visited the city on import and business Tuesday.

J. W. McDonald, the bituminous street contractor of San Francisco, was in town Thursday.

Robert Hall returned home Monday evening after a week's absence in Santa Clara valley.

Robt. P. Hill of Glen Ellen was in town on Monday last in attendance to the funeral of Henry Winkle.

Mrs. P. L. McGill returned from the city Monday evening after a pleasant visit of several days with her friend, Mrs. Capt. J. J. Stofen.

Dr. W. K. Vance has removed from Terrace Hill and taken up his residence in the Wegner building on Napa street.

South Los Guillicos Squibs.

Fred. P. Green went to Santa Rosa Wednesday.

F. Cassani has built a nice residence on his property.

Harry Weise and Miss Sophia Williams were in town Sunday.

A force of men have been put to work on the stone residence of N. W. Griswold.

Nearly twenty-five tons of freight has been received here within the past few days, mostly being groceries, which might as well have been sold here as elsewhere.

Mr. Griswold informs us that he intends to commence grading the streets and otherwise improving the property of the Improvement Company immediately.

Miss Emily Kurtz has returned after a visit with friends in Oakland. She will open the Summit Joint district school soon. Miss Kurtz is the most popular teacher among the scholars and patrons of the school that the district has had for a long time.

A GREEN COUNTRY BOY. South Los Guillicos, March 7, 1890.

McGINTY.

He Takes in Sonoma Valley With-out His Sunday Clothes.

The Roads, Crops and Politics—He Makes Some Timely Suggestions and Invents a Baby Washing Machine.

FRIEND GRANICE:

The much or litter of newspapers that issue from "Boontown" informs us that you are soon to take your departure from this "neck o' woods" for pastures new. We don't believe it. But if such is the case, leave your old hat in the INDEX-TRIBUNE office and I will guarantee that the INDEX-TRIBUNE will be quite as readable as some papers that are published in the valley.

What fearful weather. The like has not occurred before since the coming of the Argonauts. In the long run it will prove beneficial to the country.

The roads, or the places where roads once existed, are being rebuilt by Deputy Roadmaster Hendley. Hurry up, John, we are waiting to take a ride with our best girl as soon as the wagon can go.

No plowing or seeding yet in this section. Short cereal crops for Sonoma Valley next fall. Stock of all kinds, however, is looking well, and there is promise of a big fruit and grape crop this season. Now is the time to commence the agitation of the erection of a fruit-drier and cannery in the valley.

AROUND THE VALLEY.

We called in to see "Old Timer," your Glen Ellen correspondent, the other day. He was busy waiting on his many patrons, selling for cash and cash only. Borman, the handsome bachelor merchant, was too busy waiting on customers to shake hands. Charley Crofoot gave us a good dinner and Johnnie Wilson gave us a first-class Havana.

A. Harrison of the Mervyn (no relation of the President) offered to give us our supper if we would only wait. But we had to take in the place by interviewing Mayor Sobbe, the proudest papa of the town.

Geo. Beatty's market we found supplied with stall-fed meats of every kind. Young Tim Sullivan, a first-class mechanic, is running the blacksmith and wagon-making shop. James Shaw has a big cellar of the finest wine ever made in Sonoma county, which he is now preparing to ship.

Los Guillicos, the town of many names and big hotels, is moving as usual. Mayor Staley is a good smithy, is on the marry and takes the INDEX-TRIBUNE, as does every other Sonoma Valley business man.

Capt. Weise has a cellar of old wine that is "nectar fit for the gods."

At Agua Caliente, Supervisor Cady is brushing up his hotel in anticipation of a big rush the coming spring. The rock quarries at this place are being put in shape for a big "boom."

Sonoma is waking up from her Rip Van Winkle nap, and is destined to become one of the most popular summer resorts in the country. This valley is peculiarly blessed—the most beautiful, an unsurpassed climate, good schools, refined, generous and big-hearted people are its essential features.

Mr. Editor, you are off on the County Jail question. We want a big one to jail the wine ring, which is oppressing the producers.

McGINTY DISCUSSES POLITICS.

In my rambles around the valley I met half-dozen aspirants for office. "Little Mac's" friends think he should be County Assessor. Sam Allen seems to be the "big togit mit a brass collar" for Sheriff, Juilliard for Clerk and Stofen for Treasurer, and about forty others for the various offices. The name of I. DeTurk for Congress is also mentioned.

Mr. Editor, these are hard times. Taxes are high and money scarce. We must call a halt. Regardless of politics the people must act as independent citizens in the selection of good men for office at the coming election.

A FAIR FOR SONOMA.

The Santa Rosa Fair seems to have yielded up the ghost. Why not get up a County Fair in the good old town of Sonoma? With its superb railway facilities we would be bound to make it a success.

A BABY WASHING MACHINE.

We have a new patent for washing babies. It is a baby washing

machine. Mayor Sobbe of Glen Ellen has ordered two. This invention will prove a great blessing to mothers troubled with bad-tempered babies. The machine is operated as follows: You insert the begrimed and molasses-coated little one in an orifice which can be made of any required size by turning a crank with electric attachments. The child glides gently down an inclined plane. The babe's lips are met by an India-rubber tube from which the little one draws lacteal nourishment. Toys are thrust into the baby's hands by an automatic monkey. The baby falls asleep while the organ attachment plays softly the melody of "Put me in my little bed." Then the baby slips into another compartment, where it is washed and dried. Here another tube administers a dose of soothing syrup and the infant comes forth with its nails pared, its hair combed and is ready for the necessary habiliments. Agents wanted. Apply at Helverano of

McGinty

Sonoma Valley, March 3, 1890.

-GLEN ELLEN GOSSIP-

School in this district will begin March 17th.

The weather is cloudy with indications of more rain.

Mrs. Box, residing near Los Guillicos, is quite ill with pneumonia.

Miss Amy White of Santa Rosa is visiting relatives near Glen Ellen.

O. Steinbach, who owns property in this vicinity, was in town Sunday.

Mrs. Wm. Dorman and family of Sonoma visited this burg last Sunday.

Simpson & Roberts are hard at work completing the south wing of the Mervyn Hotel.

Mrs. Chas. J. Poppe and the children visited relatives in Sonoma a few days last week.

George Spencer, a prominent Native Son, came up from the city on Sunday's train and is visiting his many friends in this vicinity.

The new iron bridge which is to be erected across Sonoma creek at this place left the East on February 19th and will arrive in a few days.

Supervisor Cady and the engineer of the King Iron Bridge Company were in town Saturday inspecting the location of the new bridge.

Landlord Harrison and Mons. Dubois are kept busy planting trees and otherwise improving the grounds surrounding the Mervyn Hotel.

F. M. Luttrell, who was in town Saturday, states that almond and peach trees are in bloom and that snow was lying to the depth of three feet in the vicinity. Truly, a wonderful climate, this.

The road to Sonoma on the west side of the creek has been impassable for the last three months owing to the late severe storms which have caused landslides and prevented the Road Overseer from making the necessary repairs. This road needs his immediate attention as soon as the weather will permit.

At a meeting of the Trustees of Glen Ellen School District, held last Saturday, the following bids for the construction of a new school house were received and opened: J. A. Bryant, \$1534; B. P. Norris, \$1520; J. B. Small, \$1475; Robert Kelk, \$1420; Simpson & Roberts, \$1297. The latter bid was accepted.

OLD TIMER. Glen Ellen, March 3, 1890.

The INDEX-TRIBUNE office is prepared to turn out on short notice all kinds of job printing.

SONOMA INDEX - TRIBUNE.

SATURDAY, MARCH 8, 1896.

TWO KINDS OF PAWNBROKERS.

A Member of the Fraternity Perpetuates Upon the Ways of the Pleading Public.

"There are two distinct classes of pawnbrokers in New York," said an East Broadway member of the fraternity who clearly did not belong to the better class, as he sat behind his closed doors a few nights ago and fumigated the old clothes he had taken in as collateral with the smoke of a bad five cent cigar.

"They supply the needs of two diametrically different classes of customers. One class may be called the 'old skirt and petticoat army,' and the other the 'watch and ulster brigade.' One deals with persons who, for the most part, hypothecate their goods to obtain money to have fun with, and the other with the misses who pawn clothes to buy food. Of course each class enters occasionally upon the domain of the other, but these are the broad distinctions.

"All pawnbrokers, whatever their status, find their busiest time on the day before a holiday, but while we in the more squalid portions of the city are taking in every conceivable kind of rubbish until our shelves are loaded our brethren in other localities are dragging valuable securities into the light of day and exchanging them for cash. The reason for this may be summed up in a few words: on festival occasions persons of aristocratic tendencies want to look well, while plain, struggling people are content to feed well. If the necessity arises, the gentleman about town will draw upon his dinner for his ring or sealstone coat, and the toiler will hypothecate his Sunday suit of clothes or his wife's best gown for the holiday meal. Two days later, when the merrymaking is over, the valuables are likely to go back into retirement, but the rubbish, unfortunately, is pretty sure to remain on our hands for some time.

"I do not include Sunday in this category of holidays. We do quite a different kind of trade on Saturday night, when we keep the office open until 11 o'clock. Sunday garments are interchangeable property between us and our customers, and we do not value them in the usual way, but largely in proportion to the punctuality with which their owners take them out at the end of each week. Thus if we have once lent a woman \$2 on a cloak we do not want to decrease the amount of any subsequent loan for a long time, though the garment may greatly fall off in value, if she is regular in redeeming it on Saturday night and putting it up again on Monday morning. Poor people are generally good church goers, and if the head of a family is earning anything at all, the ghost is apt to walk on Sunday, and so our shelves are usually cleaned of Sunday goods before 11 o'clock.

"There are a good many people who deal with the more exclusive class of pawnbrokers, who adopt the revenue of this rule. They put up their goods on Saturday night, and take them out, if they can beg or borrow sufficient money, on Monday, spending Sunday at home hilariously with some guest. These are not God-fearing persons, and I am glad to have nothing to do with them.

"Oh, yes; I have to charge my poor customers a little more than I would if I were lending larger amounts on better security. The law allows such small interest that I increase my income by putting fifty-six cents on a ticket for a shawl when I have only lent the owner half a dollar. If she does not like it she can leave it, you know. There are very sad scenes, of course, in the office sometimes, but the tears must all be shed before the counter; we have no time for them behind it."—New York Sun.

The Human Family.

The human family living on earth today amounts to about 1,450,000,000 souls, not less, but probably more. They are distributed all over the earth's surface, there being no considerable spot where man has not found a foothold. In Asia, the supposed cradle of the human race, there are now about 800,000,000 of people, densely crowded, on an average of 120 to every square mile. In Europe there are 320,000,000, averaging 100 to each square mile, and not so crowded, but everywhere dense and in many places overpopulated. In Africa there are approximately 210,000,000, and in the Americas, North, Central and South, 110,000,000, and of course, relatively thinly scattered. In the islands large and small, there are probably 10,000,000. The extremes of the whites and blacks are as five to three; the remaining 700,000,000 intermediate brown and tawny color. Of the entire race 800,000,000 are well clothed—that is, they wear garments of some kind to cover nakedness; 250,000,000 habitually go naked, and 700,000,000 only cover the middle parts of the body; 500,000,000 live in houses, 730,000,000 in huts and caves, and 250,000,000 virtually have no place to lay their heads.—St. Louis Republic.

Overdoing It.

A prominent fault to be found with New York drawing rooms is the too great profusion of furniture and bric-a-brac crowded into them. It trips you on the floors, drops down at you from the chandelier and cornices, makes it dangerous to stretch your legs or move your elbows when you sit, and renders it impossible to find a bit of unoccupied wall big enough to lean against. It is a great pleasure, of course, to have lots of pretty things, but they need not all be on exhibition at once. One fashionable woman in this city, who can afford to buy almost anything that strikes her fancy, has a store room in her house filled with bric-a-brac and furniture. Every week a dozen or so of these precious treasures are brought out and arranged about the rooms, and as many others as have been on duty for a time are packed away again. Thus her parlor has always a certain expression about it, so to speak, widely different from the look of a bazar, highly fashionable, but exceedingly un-restful, that a too well filled room has.—New York Letter.

For Dry Goods, Clothing, Groceries, Hardware, Cutlery, and also everything kept in a general merchandising store go to S. Schoken's north side Plaza, Sonoma.

MISCELLANEOUS.

"WHAT MEDICINES ARE MOST CALLED FOR?"

asked the reporter of an old druggist. "Dr. Pierce's preparations," he replied, "are the most called for. I have a positive guarantee that they will, in every case, give satisfaction, or the money is promptly refunded. His Favorite Prescription, for all those chronic weaknesses, nervous and other derangements peculiar to women, is used with unfailing success. It cures weak back, bearing-down sensations, irregularities and weakness common to the sex, and being the most perfect of tonic medicines builds up and strengthens the entire system. The demand for it is constant, and I am conversant with scores of cases cured by it."

Returning after a few moments' absence, the venerable widower of the druggist remarked, "the number of newspapers and other so-called 'blood medicines' is legion; but Dr. Pierce's Golden Medical Discovery outdoes them all and it is the only blood-purifier out of the many which I am obliged to keep upon my shelves, and is guaranteed to benefit or cure in all cases for which it is recommended, or money paid for it is refunded."

"In the line of Pills," remarked the old gentleman, "the little Sugar-coated 'Pellies' put up by Dr. Pierce's Great Kidney and Bladder Pills are the most called for. In amount of sales and the general satisfaction they give my customers."
